

Checklist IKB Kip audit

(great)grandparent and parent breeding

Dear participant,

Below you will find an overview of documents that must be present for assessment during an IKB Kip audit. The documents can also be viewed digitally and do not have to be printed. Behind every document you can see to which regulation this refers to. The list below is intended as an aid and only includes the points for the administrative part of the audit. For the complete list of current regulations you can visit www.IBKip.com.
